

option. Carriers, conferences, and agreements may only be registered to file in one system at a particular time. Publishers may be registered in both systems, but must file each carrier, conference or agreement service contracts into only one system.

I. Registration, Log-On ID and Password

A. To register for filing, a carrier, conference, agreement or publisher must submit the Service Contract Registration Form (Form FMC-83) to BTCL. A separate Service Contract Registration Form is required for each individual that will file service contracts. However, each organization certified prior to May 1, 1999 to perform batch filing of Essential Terms Publications in the Commission's former Automated Tariff Filing Information ("ATFI") system, will be issued a new log-on ID and password for access to file service contracts. Filers who wish a third party (publisher) to file their service contracts must so indicate on Form FMC-83. Authority for organizational filing can be transferred by submitting an amended registration form requesting the assignment of a new log-on ID and password. The original log-on ID will be canceled when a replacement log-on ID is issued.

D. A carrier, conference, or agreement may be registered to file its service contracts in only one of the Commission's filing systems at any given time. A publisher which files on behalf of many carriers, conferences or agreements may be registered to file into both systems simultaneously, however, each of its clients' service contracts must be filed in only one system. For example, a publisher who files for carrier X and conference Y may file all of carrier X's service contracts into the option 1 (internet-based) filing system, and all of conference Y's service contracts into the option 2 (dial-up) filing system, but cannot file some of carrier X's service contracts in the option 1 filing system and some of carrier X's service contracts in the option 2 filing system.
